what to say here? i'm a public person who reveres privacy, a political conservative who is personally very liberal, a man who likes men, a reader who likes working out, a writer who loves music, a native-born brit who loves america, an urban boy who loves the wilderness, a catholic who loves being gay.

About Me: anyone who is who he or she is; and is not looking to be someone other than who they are.

What people say about Andrew:

Juan, 10/21/2003:

a few things i know to be true about good ol' sully. he's brilliant, rough around the edges, a great friend and a real big homo. oh, and if he's wearing his long sleeve grey t-shirt with a skull on the front, he is wearing his harness underneath. he also has one of the greatest dogs in the world and gives really good hugs.

Ryan, 10/06/2003:

Andrew is solid.

Ben, 09/20/2003:

Andrew likes his men like his foreign policy on Iraq: strong, firm, thoughtful, reasonably forceful, and not pulling out until the job is done.

Lee, 09/18/2003:

a conundrum. to put it mildly. wouldn't want it any other way. oxox
